1 A \* \* \* following a place name indicates that the place is coterminous with a MCD. A \* \* \* indicates that the place is also a false MCD. In both cases, the MCD name is shown only when it differs from the place name.

2 A \* \* \* following a VTD code indicates no actual voting district. Its absence indicates that the VTD is a pseudo voting district or no information is available as to its status.

3 A \* \* \* following a block number indicates that the block number is repeated elsewhere in the block.

The main map displays the geographic areas of Benton County, Minnesota, for the 2000 Census. It shows a network of census tracts (outlined in red) and blocks (outlined in blue). The Mississippi River is shown on the left, flowing from the top to the bottom. The Benton County boundary is indicated by a dashed line. Various place names and block numbers are labeled throughout the map. For example, in the upper left, blocks 110 and 100 are labeled. In the center, blocks 211 and 105 are labeled. In the lower right, blocks 80, 212, 70, and 75 are labeled. The map also shows the Benton County boundary and the location of Benton County within the state of Minnesota.

All legal boundaries and names are as of January 1, 2000.  
The boundaries shown on this map are for Census Bureau statistical data collection and tabulation purposes only; their depiction and designation for statistical purposes does not constitute a determination of jurisdictional authority or rights of ownership or entitlement.
